

ADMISSIONS POLICY

PURPOSE

Schools are required to have an Admissions Policy and the Head Teacher is responsible for implementing this policy.

Our vision is to provide pupils with the confidence, skills and ambition to achieve a successful and productive life. We aim to ensure they leave us with the opportunities and are able to become positive members of their communities.

To do this, we have 3 principles that underpin our policies, practices and everything we do:

- 1 Everyone can learn, achieve and has the potential to be successful
- 2 Positive relationships are key to success and are underpinned by mutual trust, respect and caring for one another
- 3 We have high expectations in everything we do

WHO WAS CONSULTED?

In drafting this policy, the Directors consulted with the Local Authority and specialist consultants.

RELATIONSHIP TO OTHER POLICIES

This policy should be read in conjunction with the policies on equality, SEN and the curriculum.

REFERRALS

The admissions procedure is simple with a few clear stages. The current capacity is 15 for pupils aged 16- 25 and current capacity is 81 for students 7 -16 years. We would consider all referrals but maintain we are a school for children with SEMH needs and hold this in mind at all times when considering referrals.

Referrals should be made to the Head Teacher by post at Seva Education, 14 College Road, Harrow, HA11 BE. Telephone: 020 8422 2999 or via email at education@sevacaregroup.com

STANDARD REFERRALS and ADMISSIONS PROCESS

The key to the process is to identify strengths and needs of the child and ensure that our school is the appropriate placement. The senior leadership team will consider:

SEN needs

Emotional & Behaviour needs

Current attainment and predicted progress

Social and communication skills (and how they will blend with other pupils)

The process for this consideration is:

1. The Manager will receive a referral in writing to be considered. This may be in the form of a letter and will often include a pupil's EHCP and relevant documents to allow the school to fully consider whether the school can meet the child's needs. Families may or may not be involved or consulted at this point.
2. If the school feels they can meet the child's needs and an appropriate placement is available, the school will seek to contact the family and arrange a meeting (or at least conversation) with the child, family and/or relevant professionals to consider the potential placement, support required and gather any information required to evaluate the likely success of the placement.
3. If positive, the school will make an offer of placement to the placing authority or person, offering a funding band and a transition pathway that would support the success of the placement.
4. It is then up to the placing authority and the family to accept and agree the placement and funding.
5. Once agreed, the transition pathway is then organized and actioned.
